Currently in 3A term

Computer Science and Business Double Degree
University of Waterloo & Wilfrid Laurier University

WORK EXPERIENCE

Microsoft Dynamics CRM Co-op at ATRIO, Michigan, US Jan - Apr 2016

- Created an official Atrio product called Address AutoComplete (now being sold!) in JavaScript
- Used C# to create an attachment importer application to mass important files into CRM
- Created two software prototypes to demo to prospective clients

Technical Analyst & Programmer at RBC Royal Bank, Toronto, CA May - Aug 2015

- Used VBA for Microsoft Excel and Access to redesign and improve a wholesale banking tool
- Manipulated large databases with SQL in Access
- Created extensive technical documents

EDUCATION

BCS+BBA, Candidate for **Computer Science and Business Double Degree** 2014 – 2019

Double Degree Co-op Program at the **University of Waterloo and Wilfrid Laurier University**,
Expected April 2019 Graduation

PROJECTS AND EXTRA CURRICULARS

- Created **deSNAP**, an Android app that allows users to send pictures to each other. Worked with a small team of other students with mentorship from Google engineers
- MIS (Management of Information Systems) Delegate for Laurier's JDC 2017 team. JDC Central is a Canada-wide business case competition where I gained valuable public speaking skills.
- Created **Blok.it**, a profanity censoring Chrome extension with JavaScript and jQuery what won MLH's #HackHarassment award at QHacks 2017. Currently available on the extension store
- Pro bono UX and Design consultant for a Waterloo Start up
- Created an Olympic style racing game in Unity with C# for the Ridi6ulous Hackathon
